

3381 summary material content, BI technologies Corporation

10/6/2004

Highlighted line items are banned in 2006 per E.U. R.o.H.S.. Prepared by Eric Arnold (714) 447-2565

Average mass of 3381 potentiometer is 26.368 grams each. Scientific notation is used below (x.xxE-x) for very small weights.
